"Connect to your customers in a whole new way with the world's #1 CRM – enabled by TechMantra!"

With a customizable integration of salesforce, we help you integrate all your teams and technologies around one CRM platform so that every employee can interact with your customers like a single company, not a series of different, disconnected departments.

The power of Salesforce

With a deep understanding of the implications and the intricacies of the Oracle EBS and Oracle Fusion platform, at TechMantra, we bring you a comprehensive set of process improvement services and digital transformation opportunities with Oracle. Be it creating a CRM platform that would suit your needs or giving a facelift to your existing platform, we got you covered!

We specialize in EBS, Fusion & Netsuite Implementations
